

Wait!! The search is over. Here is your dream job!!!

Are you looking to make a difference in pet's lives on a daily basis?
Are you a nurse that has amazing skills that aren't getting fully utilised?
Do you believe that vet nursing is a career not just a job?

Tea Tree Gully Veterinary Hospital is a 7 vet 100 % small animal practice located in the north east suburbs of Adelaide.

Tea Tree Gully Hospital has 32 staff who get along famously, we are not looking for a new employee we are looking for a new family member.

Our high standards start from the front door, knowing the pet, owner and family that are entering the hospital for a visit. The whole hospital operates as a team with high standards so everyone you work with is on the same page. We have a fear free philosophy for our patients and emphasise low stress handling techniques which promotes a happier environment for both owner and pet.

We do a large volume of charity work for the RSB guide dogs, SA/NT guide dogs and orthopaedic surgeries for the RSPCA. In our hospital, you will be exposed to orthopaedic repair of cruciate ruptures (TTA); regular fracture repairs; chemotherapy; ultrasonography and regular emergency and intensive care cases.

Key Areas

We provide a broad range of services so you need to have a broad range of experience in order to operate at the level we are looking for.

You need to have experience in at least 7 of the areas on this list:

- Medical procedures
- Client and staff communication
- Intensive nursing
- Anaesthetics; monitoring, maintenance and emergency
- Blood sampling
- Care and cleaning of surgical instruments
- Care of hospitalised patients
- Care of ICU patients e.g. snake bites or seizure patients
- Care of patients through pre and post-surgical phase
- Chemotherapy
- Consulting
- Dentistry
- Endoscopy & Ultrasound
- Microscopy work
- Orthopaedic Surgical Nursing
- Puppy Pre-School
- Radiology

Skills

You need to excel in these areas:

- Being fast and accurate
- Problem solving
- Low stress handling
- Face to face and telephone communication
- Following procedures to the letter
- Learn new skills
- Planning and organising
- Working under pressure
- Attention to detail

We operate 7 days a week with nurses working morning and evening shifts on a rotating roster.

Our Hospital was established 30 years ago and continues to be family owned.

Our clients are well bonded to the staff and hospital, with a high level of trust in our veterinary medicine and patient care. This is reflected in our client retention rate being one of the highest in the country.

Pay will be above award and equal to your skill level and what you deserve! We also include continuing education allowances in your remuneration package.

Send a **hand written** cover letter telling us about yourself with a 2 page A4 resume attached, including two recent references, to Jodie Raethel at draethel@ttgvvet.com.au by 1st July 2018.
